

SCREEN WASH ULTRA (-24°C)

MiDEX
midex.uk

**A concentrated smear-free formula. Can be used in a trigger as de-icer.
Dilute 10 to 1 in the summer for a crystal clear windscreen.**

Our commercial strength screen wash is expertly formulated to provide outstanding performance in winter driving conditions. This advanced solution rapidly removes insects, stubborn debris, traffic film, and road film, ensuring your windscreen remains crystal clear for maximum visibility and safety. In its concentrated form will melt ice down to -24°C and can be used neat as a de-icer.

Directions For Use:

Protective gloves and glasses are recommended.

Shake well before use! In extreme cold weather, use undiluted. In normal winter conditions, dilute with one part fluid to one part water, gradually increasing dilution rate as the seasons change to warmer weather. For summer use a 10:1 dilution rate to keep your windscreen crystal clear.

Highly flammable liquid and vapour.

Toxic if swallowed, in contact with skin or if inhaled. Causes damage to organs.

Cause serious eye irritation. May cause drowsiness or dizziness. Keep away from

heat/sparks/open flames/hot surfaces.

No smoking. Do not breathe vapours.

Wear protective gloves. If swallowed or exposed call doctor/physician. IF IN EYES:

Rinse cautiously with water for several minutes.

Remove contact lenses, if present and easy to do so. Continue rinsing. IN CASE OF FIRE:

Use alcohol resistant foam, dry powder or CO2. Empty container may contain residual product and vapours. Do not cut or weld on or near empty containers. Disposal should only be by means of a licensed waste disposal contractor.
